

## In Memoriam – Lisien León

It is with overwhelming sadness that we heard the tragic loss of Lisien León, the beloved president of IEEE Women in Power. Lisien was not only an exceptional professional, but a dear friend to many of us.

In 2019, I met Lesien for the first time. After several years of work together, I deeply feel that her passion and dedication to empowering women in the field of power engineering was unmatched. Her tireless work and unwavering commitment to promoting Women in Power in the power industry inspired us all. She was a true champion of women in the power industry and her loss is felt deeply by all who had the privilege of knowing her. Her infectious enthusiasm, her warm smile, and her boundless energy will be deeply missed.

In this time of grief, our thoughts and hearts go out to Lesien 's family and loved ones. We stand with them, offering our support and comfort during this difficult time.

Lesien will always be remembered as a shining star of what can be achieved through hard work, passion, and determination. Let us all continue to honor her memory by carrying forward WiP's mission to fosters a more diverse leadership by supporting the career advancement, networking and education of women in the energy industry.

Sincerely,

Zhaohong Bie
